February has been LOVE month here at fionamarques.com! Venus has slowly retrograded through Capricorn and met up with passionate Mars – so it is only fitting that I had not one, but two podcast episodes on "Having More Love in your Life"!

1. Which Lajjitaadi Avastha is holding you back?

Ernst and Ryan cover so much interesting territory in their two Podcast episodes discussing Love and Vedic Astrology. Some of the topics include:

Episode 1

- [12:38](#) What are the hardest things about having more love in your life?
- [17:38](#) Consciously pursuing happiness vs living out of patterns
- [24:19](#) The nature of Selfishness (Ernst's definition)
- [32:45](#) Emotional love addictions
- [34:45](#) Moon starving Venus Lajjitaadi Avastha
- [42:45](#) The Role of the Sun in Sustainable Love

- [48:56](#) Are Astrologers qualified to be Counsellors?

Episode 2

- [0:45](#) Can anyone change their life? (The importance of the 5th House, the 5 Avasthas and the 5 Elements)
- [11:00](#) How Karma gets imprinted (Symbols, Omens, The Subconscious, the Ecliptic and Meat Suits)
- [17:00](#) 7 Generations of Anscetral Karma
- [20:15](#) Defined Purpose - a discussion of Human Design and Lajjitaadi Avasthas
- [34:00](#) Miraculous Change and the Lunar Cycle
- [45:41](#) Nodal Placements and changing Ancestral Karma

One of the approaches that Ernst's stresses is the power of reprogramming your "WORST" Lajjitaadi Avastha (the psychological pattern that causes the most damage in your chart).

A Vedic Astrologer is uniquely placed to identify this Avastha for you.

By knowing which pattern is causing the most damage, you can prioritise your inner work in a focussed area and reap the results more effectively.

2. Uncertainty of current times

For today only, ["The Changing of the Gods"](#) documentary series of nine videos is available to view in its entirety. This series builds on the work of "Cosmos and Psyche" by Richard Tarnas that Corey Dowds and I explored in Episode 14 of The Vedic Astrology Podcast ["Pandemics and Predictions"](#). The documentary series especially examines the effect the Pluto and Uranus transits have on planet Earth.

3. Classes with discounts

To make it easy for those of you who have the ['Aficionado'](#) token discount, here is a [list of my classes](#) in March. Your choice of...
